Delivering Successful Meetings and Events!

Resorts of Ontario venues are located throughout the province in natural countryside and lakeside locations that inspire successful meetings and events. Whether you are organizing an executive retreat, or a meeting (for gatherings of 50 persons or less), this guide is the perfect planning tool. Spectacular outdoor spaces combined with professional facilities and service ensures success for your company's goals and inspires your team through collaboration in the right environment.

The unique attributes offered by our resorts check all the boxes - from assurance for health and safety, fresh air and natural light, and exceptional service with flexible meeting packages. As a result of current conditions, meeting designs and layouts have been thoughtfully put together. Our resorts can be contacted for specific details to personalize your requirements. The magic is not only in our unique locations and venues, but also in our people. We can accomplish anything when we work together... and is how we deliver success on your agenda.

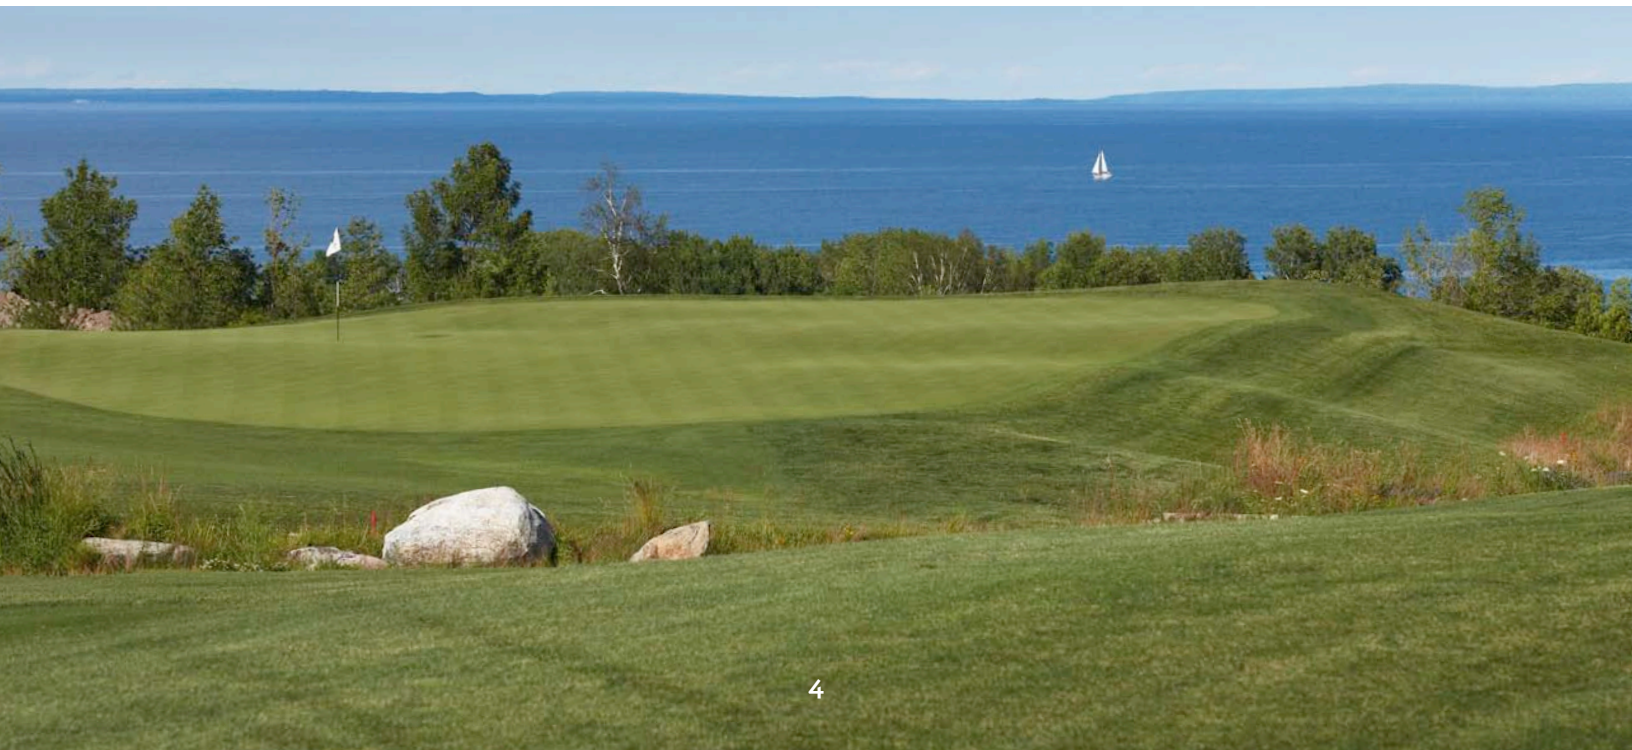

Recognizing that we find ourselves in unprecedented times while striving to move forward safely and successfully, our resorts have educated themselves to assure health and safety for delegates and staff. Please refer to page 5 for an outline of our precautions and protocols.

Although we are all faced with some restrictions in capacity (at this time), we are not compromised on delivering the quality, service and professionalism you have come to expect of a meeting or event at an Ontario resort. So whether you are convening a group of 10, 20 or 50, we offer the perfect solution and environment, customized to your needs with your safety assured.

It's all right here - a diverse range of accommodation options with extensive indoor and outdoor meeting and event spaces.

We will deliver success to your agenda!

Re-imagining Meetings during COVID-19

The challenge of covid-19 posed to everyone in Canada earlier this year drove us to explore new innovations to conduct business. It made us question what venues would look like as lockdown ended and businesses starting re-opening. We started to re-imagine how meetings and events could be delivered to enable companies, their teams and workforce to re-connect in a very real way - in a way that allowed for both safe physical distancing and the ability to interact in a humanistic manner.

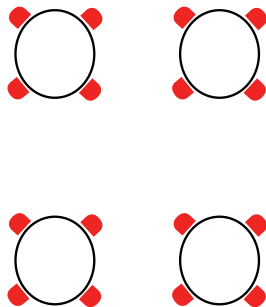

Resorts of Ontario member resorts swooped into action, preparing their businesses for doing business in the present day. We started looking at opportunities and

solutions - essentially, adjusting the way we previously did business to provide both our staff and guests with the assurance that our resorts are “safe, secure and dependable”.

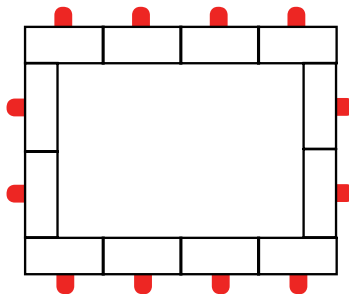

We invite you to “FIND YOUR OWN SPACE AND PLACE” right here in Resort Country. We are all forging ahead safely to offer the perfect environment - conducive to build, rebuild, connect, and strengthen relationships. To take the time and opportunity to be innovative and creative. In challenge, there is always opportunity !

Resorts in Ontario look forward to working with you!

Health and Safety Assurance

Resort venues here in Ontario have been successfully serving guests and meeting delegates for many decades, providing an experience that not only meets but exceeds expectations. We safely re-opened our businesses after the COVID-19 threat threatened our province, having put protocols and procedures into place with a focus on risk mitigation to staff and all visitors and guests. We devoted considerable resources and efforts in implementing prevention policies and practices, a comprehensive training program and standards and protocols for guest and staff assurance of health and safety.

Now, as restrictions have been lifted to increase gatherings at resort venues for the purpose of productive meetings and events, Resorts of Ontario venues have implemented meeting and events protocols which not only meets public health requirements and best practices, but thorough risk mitigation plans and measures. These processes have focused on physical distancing, sanitization and disinfection, as well as screening and contact tracing.

We have devoted considerable resources to planning with precautionary thinking.

- ✓ Our staff workforce is 100% engaged in the health and safety of all our customers.
- ✓ Infection control protocols assure safe meetings and events.
- ✓ We work closely with the meeting and event organizer so everyone is aware of the processes and policies in place.
- ✓ Measures on people flow, effective signage and room capacities are all in place to facilitate and meet distancing requirements.
- ✓ Hygiene is a vital aspect of our overall disinfection and sanitization, including but not limited to high touch areas, food service, accommodations, and meeting equipment.
- ✓ Our Resort Conference Coordinator is a resource to help your convenor navigate easily through systems and make the process seamless.

Many of our resort establishments offer extensive facilities and meeting and event space. This guide focuses on the business opportunities available to us all at this time, and will be adjusted as government regulations allow.

We look forward to delivering success to your agenda, and welcoming you to resort country. **You will be safe through our hands!**
